LUNA LED LIGHT

UMBRELLA LIGHT & MUSIC

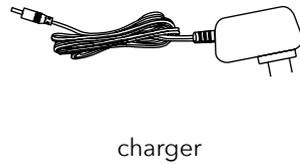

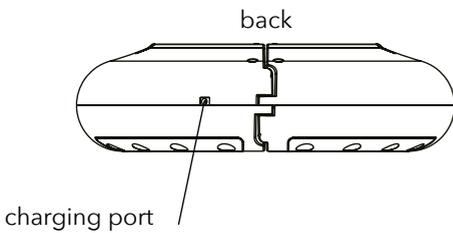

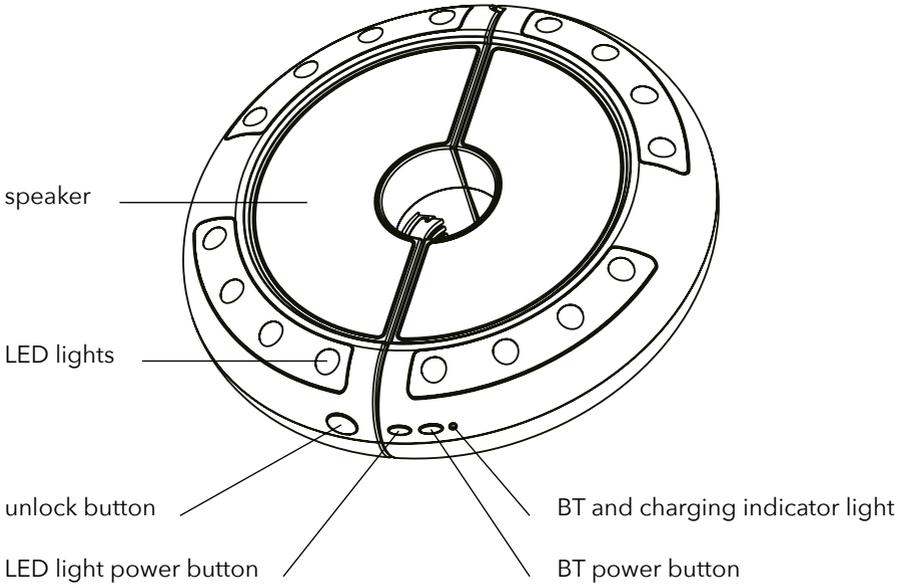

ASSEMBLY AND
OPERATION GUIDE

Thank you for purchasing our Luna Led Light.
Please remove all contents from the package, inspect and review the module.

CAUTION:

To reduce personal injury and damage to your umbrella light,
read and follow this assembly and operation guide.

LUNA LED LIGHT

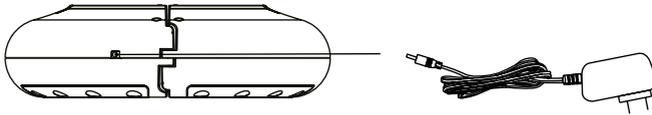

STEP 1 CHARGING

- Attach the charger into the Luna Led Light charging port and plug into any 110V or 220V power source. Charge Luna Led Light for 2 - 4 hours. When the Luna Led Light is fully charged, the BT indicator light will turn off.

NOTE:

- Charge the Luna Led Light in a dry area to keep from damaging.
- We recommend fully charging the Luna Led Light before you store it for extended periods of time.

STEP 2 PAIRING BT DEVICE

- To turn on BT, locate the BT power button on the Luna Led Light. Press and hold the BT power button for 3 seconds until you hear a prompt sound. The BT indicator light blinks blue when in pairing mode.
- From your music device, turn on BT and switch your device to discovery mode. Select "LUNA" from your device options. You will hear a set tone and the BT light will be solid blue when the Luna Led Light and your music device is paired successfully.
- Use the controls on your music device to select songs from playlists and to adjust volume.

NOTE:

- When the Luna Led Light battery is low, you will hear an indicator tone notifying you to charge the Luna Led Light.
- Sound quality will lessen or music will stop playing when your music device is 8 or 10 meters (30 feet) away from the Luna Led Light.

STEP 3 UNPAIRING BT DEVICE

- Only 1 music device can be connected at a time.
- If you wish to pair another device, turn off previous BT device or press and hold the BT power button for 2 seconds to unpair and re-pair a new device. You will hear a tone when the music device unpairs and the BT light will blink blue.

NOTE:

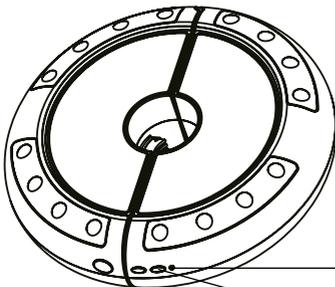

- If you hold the BT power button for 4 seconds, the device will shut off.

STEP 4 TURNING DEVICE OFF

- To turn off the Luna Led Light, press and hold the BT power button for 4 seconds. You will hear a descending tone and the BT indicator light will turn off.

NOTE:

- Luna will turn off automatically when BT is in pairing mode after 15 minutes.
- When your music device is disconnected, you will hear a prompt sound.

BT and charging indicator light

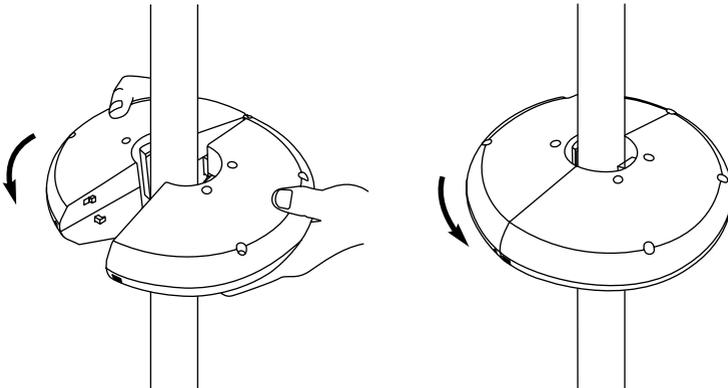

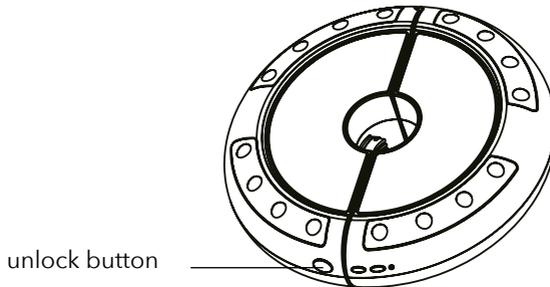

BT power button

STEP 5 LED LIGHTS

- Depress the LED light power button to turn on (or off) the LED lights.

STEP 6 ATTACHING TO UMBRELLA

- The Luna Led Light can be attached to umbrella center poles up to 5 cm (2") and cantilever umbrella light adapters.
- Open the Luna Led Light by holding the device firmly with one hand and press the unlock button with the other hand to release the clamp lock.
- Open up the Luna led Light and clasp around the mid pole or light adapter. Snap to close.

WARRANTY:

Jardinico® warrants this product (in residential use) to be free from defects in original materials and workmanship for a period of 1 year from the date of purchase. If a defect in the warranty period, Jardinico® will (at its option) repair or replace the product without charge.

Simply contact your original authorized Jardinico® dealer with a description of the defect. The dealer will verify the defect and work closely with Jardinico® to obtain the necessary service.

In many cases, simple problems can be solved with a replacement part that can be shipped directly to the dealer for professional installation / repair.

In the event that warranted factory service is required, Jardinico® will assume the responsibility of the return freight charges on warranted products for the first year only.

Returned product that (upon receipt and inspection) is deemed to be "not covered" under our warranty, will be shipped / billed at your expense.

This warranty gives you specific legal rights, and you may have other rights which vary from state to state.

NOTE:

Failure caused by unreasonable or abusive use, or failure caused by neglect of reasonable and necessary care are not covered by this warranty.

Additionally, acts of nature (including but not limited to wind, hurricanes, tornadoes and storms) are not covered by this warranty.

SAFETY PRECAUTIONS:

- Position the Luna Led Light in a location that will protect it from direct sunlight and moisture.
- Do not overcharge the battery. Remove when the indicator light turns off. Overcharging may cause the battery to become hot, rupture or ignite. If you see any heat deformation or leakage, properly dispose of the device.
- If the unit is exposed to light moisture, allow unit to air dry for 24 hours before reuse.
- Power supply must be used indoors only. It is neither designed or tested for use outdoors, in recreational vehicles or boats.

WARNING:

The Luna Led Light is not waterproof. If the light is immersed in a pool or spa or exposed to heavy rain, the unit will be damaged and negate the 1 year warranty.

NOTE:

We recommend fully charging the Luna Led Light before you store for extended periods of time.
